25X1A [ ] of the Inspection Division/I&S, discussed with me  
the security violation which occurred on 21 April, which was caused  
25X1A by a staff member of OSI leaving a highly classified Restricted Data  
document in the hearing room of the Joint Congressional Committee  
on Atomic Energy. I informed [ ] that the Watch Officer called  
me on 21 April to state that Mr. Borden, Executive Director of the  
staff of the Joint Committee on Atomic Energy, had called him to state  
25X1A that the document had been left and had been secured by Mr. Borden  
for the night. I told [ ] that after failing to reach Dr. Chadwell  
25X1A I had gotten in touch with [ ] immediately and reported this  
violation to him with instructions to secure the document the next day  
from the Committee and to take appropriate steps in connection with  
the violation, which was chargeable to [ ]  
25X1A
